

Pressure Switch

hydro-electric signal converter

pressure range 5-130 bar / 50-350 bar and 50-550 bar

Application

Hydro-electric pressure switches are devices, which close or open electrical contacts under pressure. They are used to switch on or off pump motors, valves for unpressurised cycles, for pressure-dependent machine tool interlock or similar applications in power units, machines and installations.

Description

Hydro-electric pressure switches in piston design convert the pressure in hydraulic systems into electrical signals. The switching point can be continuously adjusted and locked by means of an adjusting knob within different adjusting ranges.

The installed microswitch is a change-over switch which can be connected as break or make contact.

The electrical connection can be rotated by 4 x 90° with the housing.

The pressure switches are designed for industrial use with normal environmental conditions for installations with a maximum system pressure of up to 600 bar.

Switching symbol

Plug with double LED

Part-no. 3141-802

Accessory

Connecting plate
Part-no. 3534-051

Contact layout

Hydraulic characteristics

Pressure adjusting range	50 -550 bar	50 -350 bar	5 -130 bar
Hysteresis	8...12 % at 500... 250 bar	8...12 % at 300... 100 bar	8...12 % at 100... 30 bar
Part-no.	9730-500	9730-501	9730-502

Electrical characteristics

Connection	Plug DIN 43650, form A
Switching element	change-over switch
Max. load	4 A at 250 V AC; max 3.0 A at 28 V DC; min. 5 mA
Code class (EN 60529)	IP 65

Technical characteristics

Operating fluid	Hydraulic oil HLP22, 32 and 46 (other media - please contact us)
Fluid temperature	max. 80 °C
Fluid connection	manifold-mounting or G1/4 with accessory connecting plate
Environmental temperature	-10 °C to +80 °C
Max. operating pressure	600 bar
Vibration resistance	10 g (10...2000 Hz)
Shock resistance	30 g
Material	Cylinder body: zinc diecasting Adjusting cap: aluminium (powder coated)
Sealings	FKM
Weight	0.325 kg
Mounting position	any

Accessory

Accessory	Part-no.
Connecting plate	3534-051
Plug DIN 43650, plug insert 4 x 90° rotatable	3141-012
Plug with cable 0.6 m	3141-928
Plug with cable 2.5 m	3141-818
Plug with double LED and cable 3 m	3141-802
Spare O-ring 5x1.5 - FKM	3001-147
